Comité National de la 37^e Session du Comité du Patrimoine Mondial

**DAILY BRIEF REPORT
AS OF
23JUNE, 2013 AT THE MORNING SESSION**

On 23 June 2013, the World Heritage Committee has examined the Nomination file to be on the World Heritage List. At its session this morning, the committee has debated on 4 Cultural Nomination dossiers by deciding as follows:

a) **inscribed** 3 cultural properties on the World Heritage List:

- 1) Historic Monuments and Sites in Kaesong, DPR of Korea ;
- 2) Ancient City of Tauric Chersonese and Its Chora, Ukraine,
- 3) Golestan Palace, IR of Iran. This decision was different from the draft decision proposed by ICOMOS and WHC to refer this property. Almost all the committee members strongly supported the inscription.

2) **referred** the Cultural Landscape of Maymand, IR of Iran. It is different from previous draft solution proposed by ICOMOS and WHC to defer the property in order the State Party with advice of AB to meet important issues such as set the property into its wider agro - postal context as well. In the draft decision, ICOMOS and WHC proposed to defer the nomination because they considered that the State Party needs more time to meet to complete the dossier.

3) At this morning session, the chairperson gave the floor to the Committee member, Qatar to announce that Qatar would host the 38th session in 2014. The WHC is working to name the new bureau for Chairperson, 5 Vice - Chairperson and Rapporteur.

4) The state of conservation of some properties on the List of World Heritage in Danger is hanging out and shall be finished today to stick on the Committee's agenda, the Chairperson announced.

Best Regards,
